This eloquent and gripping addition to the Camelot canon -- written in beautiful verse -- has received glowing, starred reviews and early awards buzz! Since the days of King Arthur, there have been poems and paintings created in her name. She is Elaine of Ascolat, the Lady of Shalott, and now there is a book all her own. The year is 490 A.D. and 16-year-old Elaine has a temperament to match her fiery red hair. Living on a military base with her father, brothers, and the rest of Arthur's army, Elaine pines for the handsome Lancelot, and longs for a female friend. But when the cruel, beautiful Gwynivere arrives, Elaine is

This official history of the FIM Grand Prix motor cycle racing World Championship, since its formation in 1949, records the action from a sport that has seen massive changes during the last 50 years with Japanese manufacturers eclipsing their European rivals, purpose-built race circuits replacing true road courses and a reduction in the number of Grand Prix classes. In other respects it has enjoyed remarkable continuity, as motor cycle racing has remained the domain of the major manufacturers anxious to promote the awareness of their road machines. Contemporary Grand Prix designs are clearly descended from the bikes raced in the 1950s. This book traces the major trends

and developments during the last 50 years and it profiles the legendary riders, teams and innovators that have dominated the sport during this period. Concluding the history is a comprehensive and detailed results section which provides an invaluable source of reference for any motor cycle enthusiast.
