While generally well-known in the mechanic community, consumers should be aware that Toyota 1KD engines have a very specific problem. 'The 1KD white smoke on start-up, besides the obvious white smoke is symptoms of rattling / knocking noise in the first two or three seconds after start up. The issue may clear up quite quickly and then dissipate, until the engine runs perfectly and no further issue is presented. It can also be noted as 'when I park nose down' symptom.
