Bastian is remembered as one of the pioneers of the concept of the 'psychic unity of mankind' – the idea that all humans share a basic mental framework. This became the basis in other guises of 20th century structuralism, and influenced Carl Jung's idea of the collective unconscious. He also argued that the world was divided up into different 'geographical provinces' and that each of these provinces moved through the same stages of evolutionary development.

Adolf Bastian - Wikipedia

Adolf Bastian, (born June 26, 1826, Bremen,
