within each chapter to ensure readers have access to the most cutting-edge material. A clear focus on the assessment objectives for the Paper topic to ensure readers know when and where to apply knowledge. The use of example answers with examiner-style comments to provide greater insight into how to/how not to answer exam questions. An engaging, relevant and challenging text that broadens student understanding beyond that of the average textbook, this is the essential companion for any student taking the AQA A level Paper 3 in Psychology.

Build essential maths, literacy and working scientifically skills to boost marks in GCSE Biology and ensure that students reach their full potential. Suitable for all specifications, this skills book provides additional support and will help to:

- Sharpen mathematical skills with plenty of practice questions and coverage of all the maths techniques needed for the exams.
- Improve literacy skills with tips on how to write longer answers, plus peer-assessment marking activities.
- Develop the working scientifically skills needed to plan, carry out and evaluate practical experiments, in order to secure the maximum number of marks.
- Build confidence by putting skills into practice; using our three-step formula students will progress from worked examples to guided questions and exam-style questions, with fully-worked solutions in the book.
- Raise performance in the exams with practical advice on how to revise effectively and tips on understanding the questions, command words and assessment objectives.

Written by two experienced psychology teachers and examiners, this textbook provides thorough coverage of both the AQA and OCR GCSE Psychology specifications.
