There is often confusion between what a Building Survey and a Structural Survey is. The term Structural Survey although widely used by the public is not generally used by Chartered Building Surveyors any longer as it is thought the term 'structural' is a little ambiguous and left people unsure what precisely was included within the survey.

A guide to the principles and practice of domestic building surveys from instruction through to writing the report, including information on the surveyor's legal liabilities. Examples of typical defects, their causes and identification are given and a specimen survey report is included.

Deregulation, privatization and marketization have become the bywords for the reforms and debates surrounding the public sector. This major book is unique in its comparative analysis of the reform experience in Western and Eastern Europe, Australia, New Zealand and Canada. Leading experts identify a number of key factors to systematically explain the similarities and differences, map common problems and together reflect on the future shape of the public sector, exploring significant themes in a lively and accessible way.

The Innovating Organization is a systematic, empirical study of the change in forms from traditional multi-divisional hierarchies to flatter, less rigid networks. The rich array of data generated by the eight current international case studies provides fresh insights into the network organization, and suggests new methodologies for organizational research. Coopers & Lybrand, BP, Unilever, Rabobank and Saab are amongst the companies surveyed.

The mission of the International Journal of Educational Reform (IJER) is to keep readers up-to-date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities. As the only peer-reviewed scholarly publication that combines authors' voices without regard for the political affiliations perspectives, or research methodologies, IJER provides readers with a balanced view of all sides of the political and educational mainstream. To this end, IJER includes, but is not limited to, inquiry based and opinion pieces on developments in such areas as policy, administration, curriculum, instruction, law, and research. IJER should thus be of interest to professional educators with decision-making roles and policymakers at

all levels turn since it provides a broad-based conversation between and among policymakers, practitioners, and academicians about reform goals, objectives, and methods for success throughout the world. Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked. IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes. Finally, it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U.S. and the world.

The third edition of the Quantity Surveyor's Pocket Book has been updated in line with NRM1, NRM2 and NRM3, and remains a must-have guide for students and qualified practitioners. Its focused coverage of the data, techniques and skills essential to the quantity surveying role makes it an invaluable companion for everything from initial cost advice to the final account stage. Key features and updates included in this new edition: an up-to-date analysis of NRM1, 2 and 3; measurement and estimating examples in NRM2 format; changes in procurement practice; changes in professional development, guidance notes and schemes of work; the increased use of NEC3 form of contract; the impact of BIM. This text includes recommended formats for cost plans, developer's budgets, financial reports, financial statements and final accounts. This is the ideal concise reference for quantity surveyors, project and commercial managers, and students of any of

Violence and Nonviolence: Pathways to Understanding is the first book to provide an integrative, systematic approach to the study of violence and nonviolence in one volume. Eminent scholar and award-winning author Gregg Barak examines virtually all forms of violence—from verbal abuse to genocide—and treats all of these expressions of violence as interpersonal, institutional, and structural occurrences. In the context of recovery and nonviolence, Barak addresses peace and conflict studies, legal rights, social justice, and various nonviolent movements. Employing an interdisciplinary framework, Barak emphasizes the importance of culture, media, sexuality, gender, and social structure in developing a comprehensive theory of these two separate, but inseparable phenomena.
