ensure that all the required topics are covered. Do use headings to differentiate between sections/topics. Do make it relevant to the intended users.

How to write a Building User Guide - Designing Buildings Wiki

The building user guide must be written for the non-technical building user (an O&M manual/ Log Book will not suffice) with the purpose of assisting with access and efficient operation of the building in keeping with the original design intent. Whilst the content of the guide will be specific to building type, project scope and users, minimum requirements must be covered as set out in the relevant version of BREEAM/ Ska.
