The canon: Christianity in the West 1400-1700. By John Bossy. Startling originality is a rarity in history writing. It is perhaps particularly rare when writing the history of religion, where it is so hard to escape the constraints of dogma and institutional structure. In writing the history of the Reformation, for example, it is well-nigh impossible to disentangle what happened from what Protestants and Catholics would like to have happened.

Synopsis. A study not of the institution of the Church but of Christianity itself, this book explores the people, their beliefs, and their way of life, providing a new understanding of Western Christianity at the time of the Reformation. Bossy begins with a systematic exposition of traditional or pre-Reformation Christianity, and then explores the forces that tended to undermine it, the characteristics of the Protestant and Catholic regimes that superseded it, and the fallout that resulted ...
