A young adult debut from internationally bestselling author Harlan Coben Mickey Bolitar's year can't get much worse. After witnessing his father's death and sending his mom to rehab, he's forced to live with his estranged uncle Myron and switch high schools. A new school comes with new friends and new enemies, and lucky for Mickey, it also comes with a great new girlfriend, Ashley. For a while, it seems like Mickey's train-wreck of a life is finally improving - until Ashley vanishes without a trace. Unwilling to let another person walk out of his life, Mickey follows Ashley's trail into a seedy underworld that reveals that this seemingly sweet, shy girl isn't who she claimed to be. And neither was Mickey's father. Soon, Mickey learns about a conspiracy so shocking that it makes high school drama seem like a luxury - and leaves him questioning everything about the life he thought he knew. First introduced to readers in Harlan Coben's latest adult novel, *Live Wire*, Mickey Bolitar is as quick-witted and clever as his uncle Myron, and eager to go to any length to save the people he cares about. With this new series, Coben introduces an entirely new generation of fans to the masterful plotting and wry humor that have made him an award-winning, internationally bestselling, and beloved author. Follow Mickey Bolitar on his next adventure in *Seconds Away*, coming out in Fall 2012!

A renowned philosopher of the mind, also known for his groundbreaking work on Buddhism and cognitive science, Evan Thompson combines the latest neuroscience research on sleep, dreaming, and meditation with Indian and Western philosophy of the mind, casting new light on the self and its relation to the brain. Thompson shows how the self is a changing process, not a static thing. When we are awake we identify with our body, but if we let our

mind wander or daydream, we project a mentally imagined self into the remembered past or anticipated future. As we fall asleep, the impression of being a bounded self distinct from the world dissolves, but the self reappears in the dream state. If we have a lucid dream, we no longer identify only with the self within the dream. Our sense of self now includes our dreaming self, the *Ò* as dreamer. Finally, as we meditate—neither in the waking state or in a lucid dream—we can observe whatever images or thoughts arise and how we tend to identify with them as *Ò*. We can also experience sheer awareness itself, distinct from the changing contents that make up our image of the self. Contemplative traditions say that we can learn to let go of the self, so that when we die we can witness the dissolution of the self with equanimity. Thompson weaves together neuroscience, philosophy, and personal narrative to depict these transformations, adding uncommon depth to life's profound questions. Contemplative experience comes to illuminate scientific findings, and scientific evidence enriches the vast knowledge acquired by contemplatives.

This textbook is a logic manual which includes an elementary course and an advanced course. It covers more than most introductory logic textbooks, while maintaining a comfortable pace that students can follow. The technical exposition is clear, precise and follows a paced increase in complexity, allowing the reader to get comfortable with previous definitions and procedures before facing more difficult material. The book also presents an interesting overall balance between formal and philosophical discussion, making it suitable

for both philosophy and more formal/science oriented students. This textbook is of great use to undergraduate philosophy students, graduate philosophy students, logic teachers, undergraduates and graduates in mathematics, computer science or related fields in which logic is required.

Three classic Tony Hillerman mysteries in one volume--Skinwalkers, A Thief of Time, and Talking God--represent the apex of the author's award-winning fiction. 25,000 first printing. \$25,000 ad/promo.

This study is concerned with Early Modern English psalm translations. It focusses on the connection between inspiration and formal perfection as it appears in George Wither's "A Preparation to the Psalter", Philip Sidney's "The Defence of Poesy", "The Sidney Psalter" and "The Bay Psalm Book". Taking into account theological, philosophical, and literary contexts of the time, it reveals the struggle to find a suitable language in praise of God as a main concern of Early Modern religious writers, and presents concepts which are highly relevant for the religious poetry of the time.
