This is why you remain in the best website to look the amazing ebook to have. Free-Ebooks.net is a platform for independent authors who want to avoid the traditional publishing route.

A brilliantly entertaining and innovative history of the ancient Athenians! consuming passions for food, wine and sex.

From Pulitzer-Prize-nominated author Susan Griffin comes an unprecedented, provocative look at the dazzling world of the West's first independent women, whose lively liaisons brought them unspoken influence, wealth, and freedom. While they charmed some of Europe's most illustrious men honing their social skills as well as their sexual ones, the great courtesans gained riches, power, education, and sexual freedom in a time when other women were denied all of these. From Imperia of sixteenth-century Rome, who personified the Renaissance ideal of beauty; Mme. de Pompadour, the arbiter of all things fashionable in eighteenth-century Paris and Versailles; Liane de Pougy, known in France during the Belle Epoque as 'Our National Courtesan'; to Sarah Bernhardt, who, following in her mother's footsteps, supported herself in her early career with a second profession, *The Book of the Courtesans* tells the life stories and intricacies of the lavish lifestyles of these women. Unlike their geisha counterparts, courtesans neither lived in brothels nor bent their wills to suit their suitors. They were strong-willed, autonomous, and plucky. An open secret, their presence can be felt throughout our culture. The muses who enflamed the hearts and imaginations of our most celebrated artists, they were also artists in their own right. They wrote poetry and novels, invented the cancan at the Moulin Rouge, and presented celebrated acts at the Folies Bergères. They helped to influence and shape the sensibility of modern literature, painting, and fashion. When Greek sculptor Praxiteles wanted to depict Venus he used a famous courtesan as a model, as in later centuries Titian, Veronese, Raphael, Giorgione, and Boucher did when they painted goddesses. When Marcel Proust was a young man it was the courtesan Laure Hayman who took him under her wing, introducing him to the right people, and providing inspiration for one of literature's greatest masterpieces. And they often had considerable political influence too. When King Louis XV needed advice on foreign affairs or appointments of state he turned to Jeanne du Barry as well as Pompadour. In her witty and insightful prose, as Griffin celebrates these alluring and fascinating women, she restores a lost legacy of women's history. She gives us the stories of these amazing women who, starting from impoverished or unimpressive beginnings, garnered chateaux, fine coaches, fabulous collections of jewelry, and even aristocratic titles along the way. And through a brilliant exploration of their extraordinary abilities, skills, and talents which Griffin playfully categorizes as their virtues "Timing, Beauty, Cheek, Brilliance, Gaiety, Grace, and Charm" her book explains how, while helping themselves, through their often outrageous, always entertaining examples, the great courtesans not only enriched our cultural heritage but helped to liberate women from the social, sexual, and economic strictures that confined them. Intensively researched and beautifully crafted, *The Book of the Courtesans* delves into scintillating but often hidden worlds, telling stories gleaned from many sources, including courtesans' memoirs, presented along with stunning rare photographs to create memorable portraits of some of the most pivotal figures in women's history.

An examination of the lives of nineteenth-century Britain's demimonde offers insight into the hierarchies, etiquette, and protocols of the period's courtesans, focusing on five women of particular influence as well as the factors that contributed to their social successes and decline. Reprint. 15,000 first printing.

The wisest teachings of Buddhism say that, like all oppositions, one must move beyond gender. But as Serinity Young shows in this enlightening work, the rhetoric of Buddhist texts, the symbolism of its iconography, and the performative import of its rituals, tell different, and often contradictory, stories. In *Courtesans and Tantric Consorts*, Serinity Young takes the reader on a journey through more than 2000 years of biographical writings, iconographic depictions, and ritual practices revealing Buddhism's deep struggles with gender. Juxtaposing empowering images of women with their textual repudiation, beginning with the Buddha himself who abandoned his wife; tantric courtesans who are considered necessary to male enlightenment with fertility rituals designed to ensure male offspring; tales of gender-bending gods and goddesses with all male heavens; Serinity Young draws on a vast range of sources to reveal the colourful, and often troubling, mosaic of beliefs that inform Buddhist views about gender and sexuality.

E. P. Sanders offers an expansive introduction to the apostle, navigating some of the thorniest issues in scholarship using language accessible to the novice and seasoned scholar alike. Always careful to distinguish what we can know historically from what we may only conjecture, and these from dogmatically driven misrepresentations, Sanders sketches a fresh picture of the apostle as an ardent defender of his own convictions, ever ready to craft the sorts of arguments that now fill his letters. E. P. Sanders has for many years been one of the leading scholars of Paul's life and work. His book is a key text for scholars and students alike.

Courtesans, hetaeras, tawaf-i, ji-s--these women have exchanged artistic graces, elevated conversation, and sexual favors with male patrons throughout history and around the world. In Ming dynasty China and early modern Italy, exchange was made through poetry, speech, and music; in pre-colonial India through magic, music, chemistry, and other arts. Yet like the art of courtesanny itself, those arts have often thrived outside present-day canons and modes of transmission, and have mostly vanished without trace.The Courtesan's Arts delves into this hidden legacy, while touching on its equivocal relationship to geisha. At once interdisciplinary, empirical, and theoretical, the book is the first to ask how arts have figured in the survival or demise of courtesan cultures by juxtaposing research from different fields. Among cases studied by writers on classics, ethnomusicology, anthropology, and various histories of art, music, literature, and political culture are Ming dynasty China, twentieth-century Korea, Edo and modern Japan, ancient Greece, early modern Italy, and India, past and present. Refusing a universal model, the authors nevertheless share a perception that courtesans hover in the crevices of space, time, and practice--between gifts and money, courts and cities, subtlety and flamboyance, feminine allure and masculine power, as wifely surrogates but keepers of culture. What most binds them to their arts in our post-industrialized world of global services and commodities, they find, is courtesans' fragility, as their cultures, once vital to civilizations founded in leisure and pleasure, are now largely forgotten, transforming courtesans into national icons or historical curiosities, or reducing them to prostitution.

Concubines and Courtesans: Women and Slavery in Islamic History contains sixteen essays on enslaved and freed women across medieval and pre-modern Islamic social history. The essays consider questions of slavery, gender, social networking, cultural production, sexuality, Islamic family law, and religion in the shaping of Near Eastern and Islamic society over time.

The Dutch Courtesan is a riotous tragicomedy that explores the delights and perils afforded by Jacobean London. While Freevill, an educated young Englishman and the play's nominal hero, frolics in the city's streets, taverns and brothels, Franceschina, his cast-off mistress and the Dutch courtesan of the play's title,laments his betrayal and plots revenge. Juxtaposing Franceschina's vulnerable financial position against the unappealing marital prospects available to gentry women, the play undermines the language of romance, revealing it to be rooted in the commerce and commodification. Marston's commentary on financial insecurity and the hypocritical repudiation of foreignness makes *The Dutch Courtesan* truly a document for our time.
