Electrical Installation Design General Rules

The Electro-Technical Council of Ireland (ETCI) have produced a full set of rules for Electrical Installations. These give a comprehensive set of requirements for the engineering requirements for the installation of electrical at voltages of 1000 Volt AC and below. Although the ETCI no longer operates, the operations previously undertaken by the ETCI are now undertaken by the National Standards Authority of Ireland (NSAI) and the Commission for the Regulation of Utilities (CRU).
