In Interactive Notebooks: Language Arts for first grade, students will complete hands-on activities about long vowels, sentence structure, nouns, adjectives, story elements, text features, and more. The Interactive Notebooks series spans kindergarten to grade 5. Each 96-page book contains a guide for teachers who are new to interactive note taking, lesson plans and reproducibles for creating notebook pages on a variety of topics, and generic reproducibles for creating even more notebook pages. The books focus on grade-specific math or language arts skills and are aligned to current state standards.

Texas Wonders is designed to foster a love of reading in all children. Through exploration of texts and daily development of their skills as readers, writers, speakers, and active listeners, students experience the power of literacy. Our focus on teaching the whole child, and every child, prepares students to be lifelong learners and critical thinkers.

The framework for teaching document is an evolving instrument, but the core concepts and architecture (domains, components, and elements) have remained the same.Major concepts of the Common Core State Standards are included. For example, deep conceptual understanding, the importance of student intellectual engagement, and the precise use of language have always been at the foundation of the Framework for Teaching, but are more clearly articulated in this edition.The language has been tightened to increase ease of use and accuracy in assessment.Many of the enhancements to the Framework are located in the possible examples, rather than in the rubric language or critical attributes for each level of performance.

Scott Foresman Reading Street (c) 2011 is an all-new comprehensive Reading and Language Arts series for the 21st Century. Reading Street delivers classic and soon-to-be classic literature, scientifically research-based instruction, and a wealth of groundbreaking online experiences for high student engagement. My Teaching Library takes the guesswork out of Response to Intervention with a strong core emphasis on ongoing progress-monitoring and an explicit plan for managing small groups of students. The architecture of Understanding by Design accelerates all learners, especially English language learners, toward greater proficiency with a sustained Unit focus on concepts and language.
