“Guided reading can flop or fly based upon the text choice. If it’s too easy, there’s nothing for the child to learn,” Richardson says. “But if it’s too difficult, the teacher has to do the reading for the student. That doesn’t increase the child’s problem-solving skills.”

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND NAMED GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “An amazing story, and truly inspiring. It’s even better than you’ve heard.”—Bill Gates NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—Vogue **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • BookRiot • Pamela Paul, KQED • New York Public Library

Is there too much emphasis on guided reading in primary classrooms? It’s a question that many educators, like kindergarten teacher and literacy coach Cathy Mere, are starting to ask. Guided reading provides opportunities to teach students the strategies they need to learn how to read increasingly challenging texts, but Cathy found that she needed to find other ways to help students gain independence. While maintaining guided reading as an important piece of their reading program, teachers need to offer students opportunities during the day to develop as readers, to learn to choose books, to find favorite genres and authors, and to talk about their reading. In *More Than Guided Reading*, Cathy shares her journey as she moved from focusing on guided reading as the center of her reading program to placing children at the heart of literacy learning—not only providing more time for students to discover their reading lives, but also shaping instruction to meet the needs of the diverse learners in her classroom. By changing the structure of the day, Cathy found she was better able to adjust the support she was providing students, allowing time for whole-class focus lessons, conferences, and opportunities to share ideas, as well as reading from self-selected texts using the strategies, skills, and understandings acquired in reader’s workshop. The focus lesson is the centerpiece of the workshop. It is often tied to a read-aloud and connected to learning from the previous day, helping to build skills, extend thinking, and develop independence over time. This thoroughly practical text offers numerous sample lessons, questions for conferences, and ideas for revamping guided reading groups. It will help teachers tweak the mix of instructional components in their reading workshops, and provoke school-wide conversations about the place of guided reading in a complete literacy curriculum.

With hit books that support strategic reading through conferring, small groups, and assessment, Jen Serravallo gets emails almost daily asking, “Isn’t there a book of the strategies themselves?” Now there is. “Strategies make the often invisible work of reading actionable and visible,” Jen writes. In *The Reading Strategies Book*, she collects 300 strategies to share with readers in support of thirteen goals—everything from fluency to literary analysis. Each strategy is cross-linked to skills, genres, and Fountas & Pinnell reading levels to give you just-right teaching, just in time. Bookwise is a carefully graded reading scheme organized into five cross-curricular strands, encouraging links to other subjects. Comprising 16 fiction and ten non-fiction titles, the 25 books at each level span a two-year reading age and the three-tier levelling system within each level facilitates an accurate match of reading ability and text. The full-colour readers are accompanied by teacher’s guides and resource sheets to help teachers get the most out of their guided reading and writing sessions.

Frogs are amazing animals that face danger from climate change and habitat loss. Now a deadly fungus threatens them, too. Scientists are working hard to save them. Can these amphibians bounce back before it’s too late? Created in partnership with the Smithsonian Institution, this book builds students’ literacy skills while fostering curiosity, creativity, and innovation. It features a hands-on STEAM challenge that guides students through each step of the engineering design process and is ideal for makerspace activities. The real-world examples give students insight into how the engineering design process is used to solve real-world problems. This book includes content that highlights every component of STEAM: science, technology, engineering, art, and math, and offers STEAM career advice from Smithsonian employees working in STEAM fields. With dynamic images and intriguing text features to enhance the reading experience and build visual literacy, this book will capture students’ attention while building college and career readiness. This 6-pack includes six copies of this title and a content-area focused lesson plan.

In an era of change in education, the time is right to refocus attention on guided reading practices. Guided reading remains an anchor in small group literacy instruction, but how has it changed with the new shifts? In this book, Michael Ford provides a practical resource to guided reading. He explains how it has evolved, why it is important, how to fit it into a comprehensive literacy program, how to select texts, how to position it for intervention, and how to assess students. Also included is an appendix with a listing of guided reading books.

Over the past decade, a relatively unknown real estate term has entered the marketplace. Called rent to own, this fusion of renting and selling is gathering steam with sellers and prospective buyers alike. Inspired by the downturn after Alberta’s boom years, rent to own helps sellers protect their investment, and renters achieve their dream of home ownership. I’ve written this homeowners guide to help you understand this innovative and profitable way to market your property. Inside its pages, I’ve explained how rent to own works and provided all the resources you need. You’ll find articles on pricing your home, preparing it for sale, finding and qualifying a tenant, and much MORE!

Much has been written on the topic of guided reading over the last twenty years, but no other leaders in literacy education have championed the topic with such depth and breadth as Irene Fountas and Gay Su Pinnell. In the highly anticipated second edition of *Guided Reading*, Fountas and Pinnell remind you of guided reading’s critical value within a comprehensive literacy system, and the reflective, responsive teaching required to realize its full potential. Now with *Guided Reading, Second Edition*, (re)discover the essential elements of guided reading through: a wider and more comprehensive look at its place within a coherent literacy system a refined and deeper understanding of its complexity an examination of the steps in implementation-from observing and assessing literacy behaviors, to grouping in a thoughtful and dynamic way, to analyzing texts, to teaching the lesson the teaching for systems of strategic actions a rich text base that can support and extend student learning the re-emerging role of shared reading as a way to lead guided and independent reading forward the development of managed independent learning across the grades an in-depth exploration of responsive teaching the role of facilitative language in supporting change over time in students’ processing systems the identification of high-priority shifts in learning to focus on at each text level the creation of a learning environment within which literacy and language can flourish. Through guided reading, students learn how to engage in every facet of the reading process and apply their reading power to all literacy contexts.
