IB Biology Study Guide: 2014 edition (Oxford IB Study ...

Allott has beautifully compiled all you need to know about Biology in neat little boxes so that you can effectively study. I love how he sectioned off different portions of the chapter so that you can focus solely on one block. I used this supplement this book with the IB Biology course companion (also by the Oxford Press).

This comprehensive Study Guide reinforces all the key concepts for the 2014 syllabus, ensuring students develop a clear understanding of all the crucial topics at SL and HL. Breaking concepts down into manageable sections and with diagrams and illustrations to cement understanding, exam preparation material is integrated to build student confidence and assessment potential. Directly linked to the Oxford Biology Course Book to extend and sharpen comprehension, this book supports maximum achievement in the course and assessment. About the series: Reinforce student understanding of all the crucial subject material. Fully comprehensive and matched to the most recent syllabuses, these resources provide focused review of all important
