The Earl Lloyd Story looks at the life lessons learned and the incredible legacy of America's first African-American Basketball Player, Earl F. Lloyd on and off of the court.

A daily cure for writers' block, with 50-word story prompts for 366 days

Learning and teaching basketball skills and tactics can be challenging. Executing them in competition can be troubling. Mastering them can be a career-long quest. Is it possible that a single book can provide all the instruction you need to conquer these basketball roadblocks? First you must know exactly how the skill or tactic is properly performed. Check! Then you need to attempt it again and again, with corrective advice through those trials until you get it right. Check! Next comes practice. Lots of practice, with drills designed to make performance of the skill or tactic efficient and effective. Check! In Basketball: Steps to Success, Coach Hal Wisel covers the entire progression of technical and tactical development needed to become a complete player. From essential footwork to key principles of defense, this guide details the skills and tactics needed to excel in today ' s game. Shooting off the catch and creating shots off the dribble, running two- and three-player offensive plays, and many more topics in the book will prepare players to succeed in every situation on the court.

Newbery Award-winning and New York Times bestselling author Matt de la Pena's Ball Don't Lie "is a must-read." [The Bulletin] Sticky is a beat-around-the-head foster kid with nowhere to call home but the street, and an outer shell so tough that no one will take him in. He started out life so far behind the pack that the finish line seems nearly unreachabile. He ' s a white boy living and playing in a world where he doesn ' t seem to belong. But Sticky can ball. And basketball might just be his ticket out . . . if he can only realize that he doesn ' t have to be the person everyone else expects him to be. Matt de la Pe ñ a's breakout urban masterpiece, Ball Don ' t Lie takes place where the street and the court meet and where a boy can be anything if he puts his mind to it. "[An] inspiring story. Sticky is a true original, and de la Pe ñ a has skillfully brought him to life." School Library Journal. Starred "Riveting. . .Tears will be strongly affected by the unforgettable. .basketball action; and the questions about race, love, self-worth, and what it means to build a life without advantages."-Booklist "Stunningly realistic."-VOYA "Gritty and mesmerizing."-Kirkus Reviews "I have never before seen blacktop ball depicted so well. In this novel, you will find its flash, its power, and its elegance without chains. This is powerful stuff."-Antawn Jamison, forward for the Los Angeles Clippers "Truly authentic in its examination of both the game I love and the invariable missteps toward manhood. You cannot fail to be moved by the eloquence and truth of this story."-Rick Fox, former forward for the Los Angeles Lakers An ALA Best Book for Young Adults An ALA Quick Pick for Reluctant Readers

Contains ninety-three practice drills and exercises designed to help children develop the stamina and skills needed to play soccer.

Mary, a trauma unit nurse in Vietnam, inadvertently becomes caught up in a CIA project on combat-induced ESP experiences

Lemony Snicket meets Roald Dahl in this riotously funny, deliciously macabre, and highly illustrated sequel to The Beast and the Bethany in which Bethany and Ebenezer try to turn over a new leaf, only to have someone—or something—thwart them at every turn. Once upon a very badly behaved time, 511-year-old Ebenezer kept a beast in his attic. He would feed the beast all manner of objects and creatures and in return the beast would vomit him up expensive presents. But then the Bethany arrived. Now notorious prankster Bethany, along with her new feathery friend Claudette, is determined that she and Ebenezer are going to de-beast their lives and Do Good. But Bethany finds that being a former prankster makes it hard to get taken on for voluntary work. And Ebenezer secretly misses the beast ' s vomity gifts. And neither of them are all that sure what " good people " do anyway. Then there ' s Claudette, who ' s not been feeling herself recently. Has she eaten something that has disagreed with her?

The inspiring true story of a remarkable coach whose superb undefeated high-school basketball team in 1980s Baltimore produced four NBA players and gave hope to a desperate neighborhood and city— " a feel-good story that is timely as well as true " (Glenn C. Altschuler, Florida Courier). As the crack epidemic swept across inner-city America in the early 1980s, the streets of Baltimore were crime ridden. For poor kids from the housing projects, the future looked bleak. But basketball could provide the quickest ticket out, an opportunity to earn a college scholarship and perhaps even play in the NBA. Dunbar High School had one of the most successful basketball programs in the country; in the early 1980s, the Dunbar Poets were arguably the best high school team of all time. Four starting players—Muggsy Bogues, Reggie Williams, David Wingate, and Reggie Lewis—would eventually play in the NBA, an unheard-of success rate. In The Boys of Dunbar, Alejandro Danois revisits the 1981-1982 season with the Poets as the team conquered all its opponents. But more than that, he takes us into the lives of these kids, and especially of Coach Bob Wade, a former NFL player from the same neighborhood who knew that the basketball court, and the lessons his players would learn there, held the key to the future. " [Danois ' ] Tale of the basketball exploits of a handful of high school students in the 1980s shows young men motivated by their coach and other recreation leaders to dream beyond the hardship of their geography " (Bijan C. Bayne, The Washington Post). " Inspirational stories can be found everywhere in high-school sports, but Dunbar and its legendary coach, Bob Wade, stand out " (Booklist). The Boys of Dunbar will leave you cheering every victory.

The Book of Knowledge and Wonder is a memoir about claiming a legacy of wonder from knowledge of a devastating event. In some ways it has the feel of a detective story in which Steven Harvey pieces together the life of his mother, Roberta Reinhardt Harvey, who committed suicide when he was eleven, out of the 406 letters she left behind. Before he read the letters his mother had become little more than her death to him, but while writing her story he discovered a woman who, despite her vulnerability to depression, had a large capacity for wonder and a love of familiar things, legacies that she passed on to him. The book tackles subjects of recent fascination in American culture: corporate life and sexism in the fifties, mental illness and its influence on families, and art and learning as a consolation for life's woes, but in the end it is the perennial theme of abiding love despite the odds that fuels the tale. As the memoir unfolds, his mother changes and grows, darkens and retreats as she gives up her chance at a career in nursing, struggles with her position as a housewife, harbors paranoid delusions of having contracted syphilis at childbirth, succumbs to a mysterious, psychic link with her melancholic father, and fights back against depression with counseling, medicine, art, and learning. Harvey charts the way, after his mother's death, that he blotted out her memory almost completely in his new family where his mother was rarely talked about, a protective process of letting go that he did not resist and in a way welcomed, but the book grows out of a nagging longing that never went away, a sense of being haunted that caused the writer to seek out places alone-dribbling a basketball on a lonely court, going on long solitary bicycle rides, walking away from his family to the edge of a mountain overlook, and working daily at his writing desk-where he might feel her presence. In the end, the loss cannot be repaired. Her death, like a camera flash in the dark, blotted out all but a few lingering memories of her in his mind, but the triumph of the book is in the creative collaboration between the dead mother, speaking to her son in letters, and the writer piecing together the story from photographs, snatches of memory, and her words so that he can, for the first time, know her and miss her, not some made up idea of her. The letters do not bring her back-he knows the loss is irrevocable-but as he shaped them into art, the pain, that had been nothing more than a dull throb, changed in character, becoming more diffuse and ardent, like heartache.
