Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements, summarises the relevant unit content and includes a series of specimen questions and answers. There are three sections to each guide: Introduction - includes advice on how to use the guide, an explanation of the skills being tested by the assessment objectives, an outline of the unit or module and, depending on the unit, suggestions for how to revise effectively and prepare for the examination questions. Content Guidance - provides an examiner's overview of the module's key terms and concepts and identifies opportunities to exhibit

the skills required by the unit. It is designed to help students to structure their revision and make them aware of the concepts they need to understand the exam and how they might analyse and evaluate topics. Question and Answers - sample questions and with graded answers which have been carefully written to reflect the style of the unit. All responses are accompanied by commentaries which highlight their respective strengths and weaknesses, giving students an insight into the mind of the examiner.

an exam. Revision Cards are a great way to ensure that you learn all of the key facts that you need to know, and we honestly believe that these Revision Cards are the most concise and precise that you will find. These Revision Cards are for the old exams (for courses starting in 2014 or earlier), and are designed specifically for the OCR A Chemistry A2-level. They include 22 cards for F324 (including the 5 Reactions cards from F322, which also need learning for F324) and 15 cards for F325. These cards cover the key Reactions, Definitions, Equations and Reaction Mechanisms that you need to know for your exams (plus a few other important bits). Each Revision Card covers a single topic and gives only the facts that you

need to learn off-by-heart for your exams. They have been carefully written to ensure that they do not contain any waffle - just the key facts that you need to learn. These cards were written by a group of experienced teachers, tutors and examiners, who have decades of combined teaching experience, thousands of hours of tuition experience and have marked thousands of exam papers as examiners/team leaders. They have painstakingly trawled through module specifications, textbooks and exam mark schemes to produce a set of Revision Cards which cover the key facts required for the F324 and F325 exams. They focus specifically on areas where students tend to perform badly in exams.

specific and very practical tool kit for the parents of younger children. It deals with the adjustment to parenthood, the beginning of discipline during the baby stage and the transition from babyhood to toddlerhood, as how a child emerges into toddlerhood depends to such a large degree upon how parents handle this transition. Much of what is viewed as naughty, rebellious and defiant in toddler behaviour, is actually normal for a child at this stage of development. The toddler stage is the most crucial for the establishment of positive parent-child communication and long-term emotionally healthy relationships. In addition to a thorough look at a healthy self-esteem and emotional intelligence, the
