Piers, Jetties and Related
Structures Exposed to Waves
(HR . . .)

Key Difference - Jetty vs
Pier. The two terms jetty
and pier are often used
interchangeably to refer to
a structure that projects

Access Free Piers Jetties And Related Structures

Exposed to waves from the land out into the water. Although the two terms are often used as synonyms, there is a distinct difference between jetty and pier. The key difference between jetty and pier is that a jetty

Access Free Piers Jetties And Related Structures

protects the coastline from
the current and tides
whereas a pier does not
disturb the current or tide
due to its open structure.

Ian Cruickshank 2004
