Remembering After Coronavirus. Baltimore, MD. Shortly after the 2001 terrorist attacks, Wendell Berry wrote, "The time will soon come when we will not be able to remember the horrors of September 11 without remembering also the unquestioning technological and economic optimism that ended on that day.". This, I fear, was one of the rare times Mr. Berry missed the mark.

A poetic novel of despair, hope, and the redemptive power of work deepens an award-winning author's grand Port Williams literary project. After losing his hand in an accident, Andy Catlett confronts an agronomist whose surreal vision can see only

industrial farming. This vision is powerfully contrasted with that of modest Amish farmers content to live outside the pressures brought by capitalist postindustrial progress, and by working the land to keep away the three great evils of boredom, vice, and need. As Andy's perspective filters through his anger over his loss and the harsh city of San Francisco surrounding him, he begins to remember: the people and places that wait 2,000 miles away in his Kentucky home, the comfort he knew as a farmer, and his symbiotic relationship to the soil. Andy laments the modern shift away from the love of the land, even as he begins

A young boy takes a trip on his own to visit his grandparents in Kentucky in this luminous entry in the acclaimed Port William series. In this “eloquent distillation of Berry’s favorite themes: the importance of family, community and respect for the land” (Kirkus Reviews), nine-year-old Andy Catlett embarks on a solo trip by bus to visit his grandparents in Port William, Kentucky, during the Christmas of 1943. Full of “nostalgic, admiring detail” (Publishers Weekly), Andy observes the modern world crowding out the old ways, and the people he encounters become touchstones for his

understanding of a precious and imperiled world. This beautiful, short memoir-like novel is a perfect introduction to Wendell Berry's rich and ever-evolving saga of the Port William Membership, filled with images "as though describing a painting by Edward Hopper" (The New York Times).

In a rural Kentucky river town, "Old Jack" Beechum, a retired farmer, sees his life again through the shades of one burnished day in September 1952. Bringing the earthiness of America's past to mind, *The Memory of Old Jack* conveys the truth and integrity of the

land and the people who live from it. Through the eyes of one man can be seen the values Americans strive to recapture as we arrive at the next century.

Nathan Coulter, Wendell Berry's first book, was published in 1960 when he was twenty-seven. In his first novel, the author presents his readers with their first introduction to what would become Berry's life's work, chronicling through fiction a place where the inhabitants of Port William form what is more than community, but rather a "membership" in interrelatedness, a

spiritual community, united by duty and bonds of affection for one another and for the land upon which they make their livelihood. When young Nathan loses his grandfather, Berry guides readers through the process of Nathan's grief, endearing the reader to the simple humanity through which Nathan views the world. Echoing Berry's own strongly held beliefs, Nathan tells us that his grandfather's life "couldn't be divided from the days he'd spent at work in his fields." Berry has long been compared to Faulkner for his ability to erect entire communities in his fiction, and his heart and soul have

always lived in Port William, Kentucky. In this eloquent novel about duty, community, and a sweeping love of the land, Berry gives readers a classic book that takes them to that storied place.

Hannah Coulter is Wendell Berry's seventh novel and his first to employ the voice of a woman character in its telling. Hannah, the now-elderly narrator, recounts the love she has for the land and for her community. She remembers each of her two husbands, and all places and community connections threatened by twentieth-century technologies. At risk is

“This is a book about Heaven,” says Jayber Crow, “but I must say too that . . . I have wondered sometimes if it would not finally turn out to be a book about Hell.” It is 1932 and he has returned to his native Port William to become the town's barber. Orphaned

at age ten, Jayber Crow's acquaintance with loneliness and want have made him a patient observer of the human animal, in both its goodness and frailty. He began his search as a "pre-ministerial student" at Pigeonville College. There, freedom met with new burdens and a young man needed more than a mirror to find himself. But the beginning of that finding was a short conversation with "Old Grit," his profound professor of New Testament Greek. "You have been given questions to which you cannot be given answers. You will have to live them out—perhaps a little at a time." "And how

long is that going to take?" "I don't know. As long as you live, perhaps." "That could be a long time." "I will tell you a further mystery," he said. "It may take longer." Wendell Berry's clear-sighted depiction of humanity's gifts—love and loss, joy and despair—is seen through his intimate knowledge of the Port William Membership.

Over time, carmen formed into our English word “charm.” These are Christmas carmen for the believer and doubter, the joyful and sorrowful, and the seeker longing for the experience of “God with us.” They are for opening the heart, widening the imagination, and shaping the soul. They are for remembering and beholding the mystery of the Incarnation in everyday life all year long.
