**These studies are intended to help lead our covenant youth into the riches of the Heidelberg Catechism. They are by no means exhaustive, and they are not a substitute for the actual memorization of the Catechism. This must be emphasized. Rather, we offer these helps for the purpose of stimulating thought and helping to clarify some of the points of the Catechism for both students and lay teachers.**

**"The Heidelberg Catechism is one of the finest creeds of the Reformation period. A faithful teacher of millions, it has stood the test of time and is still, today, one of the best tools available for learning what it means to be a Christian. This study guide on the Catechism includes all 129 questions and answers, along with clear exposition and questions for review, further study, and discussion"--Publisher's description.**

If there is "nothing new under the sun," perhaps the main task now facing the Western church is not to reinvent or be relevant, but to remember. The truth of the gospel is still contained within vintage faith statements. Within creeds and catechisms we can have our faith strengthened, our knowledge broadened, and our love for Jesus deepened. In *The Good News We Almost Forgot*, Kevin DeYoung explores the Heidelberg Catechism and writes 52 brief chapters on what it has shown him. The Heidelberg is largely a commentary on the Apostle's Creed, the Ten Commandments, and the Lord's Prayer, and deals with man's guilt, God's grace, and believers' gratitude. This book is a clear-headed, warm-hearted exploration of the faith, simple enough for young believers and deep enough for mature believers. DeYoung writes, "The gospel summarized in the Heidelberg Catechism is glorious, its Christ gracious, its comfort rich, its Spirit strong, its God Sovereign, and its truth timeless." Come and see how your soul can be warmed by the elegantly and logically stated doctrine that matters most: We are great sinners and Christ is a greater Savior!

This Modern English Version of the text of the Heideberg Catechism is based on a 1950 revision of the Tercentenary edition of 1863 by the Reformed Church in the U.S. (Eureka Classis). That revision was updated and presented in 1978 to the Synod and later reprinted in 1986. Minor changes were again made in 2011. The present 2013 version gives the full Scripture reference text updated to the New King James Version.

" The Heidelberg Catechism does not represent a different theological orientation... here the Reformed Church confesses the good news of Jesus Christ in, a joyful, thankful, free, personal way ... Barth has caught this spirit in his commentary. To read it is to become acquainted with a side of Reformed Protestantism which all too often has remained hidden. " -from the Preface
The two short studies by renowned theologian Karl Barth included here were first published in 1964, the 400th anniversary of the Heidelberg Catechism—a classical document of the Reformation Period. Students, ministers, laypersons, and theologians continue to find these essays helpful, for they provide not only an introduction to the Heidelberg Catechism, but also a brief, systematic presentation of Reformed theology in the 16th century and a glimpse of Barth 's own theology on the 20th century. The first essay, " Christian Doctrine According to the Heidelberg Catechism, " is a question by question interpretation, commentary, and evaluation of the catechism. " Introduction to the Heidelberg Catechism, " the second essay, examines the three basic questions of the document: Who is the Comforter? Who is comforted? and How is comfort given and in what does it consist?

This edition of the Heidelberg Catechism is produced by the Reformed Church in the United States. It is reprinted with all of the references in the New King James Version of the Bible and the updated language adopted by the Synod of the RCUS in 2011.This small book is one of the finest fruits of the Reformation and epitomizes its essential teaching. Holding forth faith in Jesus Christ as our only comfort in life and in death, it presents, very personally and eloquently, what is necessary to know that we may live and die in that comfort. While many played a role in its composition, it was especially Zacharias Ursinus and Casper Oleivianus who imparted its theological content and practical spirit. Having received hearty approval by the pastors and teachers in Heidelberg, it was published on January 19, 1563. Its influence in Germany, the Netherlands, Hungary, and beyond exceeded all expectations. It was welcomed by Reformed believers everywhere. Today, those who are yearning for a beautiful statement of biblical truth will find this work a treasure. It remains as fresh as when it was first published 450 years ago.

Gerhard Forde examines the nature of the "theology of the cross, noting what makes it different from other kinds of theology. His starting point is a thorough analysis of Luther's Heidelberg Disputation of 1518, the classic text of the theology of the cross.
