The normal expectancy for minimum
openings is 13 -15 points and 7 losers. As
strength increases, there are more tricks so
fewer losers. 16 -18 points with ordinary
shape will usually have 6 losers. As

Online Library The Modern Losing Trick Count Bidding

strength decreases, there figure to be fewer tricks. With 10 -12 points and no special shape, expect 8 losers.

To Win At Bridge
Dudley Courtenay's book "The System the Experts Play", and popularized by Ron Klinger in his book "Modern Losing Trick Count", based on counting effective losers in a trump contract. Simply stated, once partnership has identified a 8+ card suit fit (unless the opener has a very strong-long major, e.g., a "self-sustaining suit"), each

Online Library The Modern Losing Trick Count Bidding

suit may be evaluated as containing
between 0 to 3 losers:

TRICK COUNT

The Losing-Trick Count (LTC) is an alternative, or supplement to the high card point (HCP) method of hand evaluation, used because shape and fit are of more significance, and oft times more accurate, than HCP in determining the optimum level for a makeable suit contract based

LOSING TRICK COUNT -

fourseasonsbridge.com

Losing Trick Count (LTC) is a hand evaluation method popularized by Australian expert Ron Klinger. It's used to

Online Library The Modern Losing Trick Count Bidding

To Win A Bridge
judge how high to bid after an 8+ card trump fit is identified. LTC employs the following math: Count the number of "winners" and "losers" in each of your suits: Each ace and king counts as a winner.

Losing Trick Count in Bridge Hand Evaluation and Bidding

1) In a trump contract, always count the trump suit. The best method is not the "fingers method." In other words, don't count "1-2-3-4" for the trick you see in front of you and then add "5-6-7-8-9" adding the 5 trumps in your hand. Instead,

Online Library The Modern Losing Trick Count Bidding

Just take note of your side's trump fit. Say you have 5 and dummy has 3. You have 8 trumps.

East has 2 spade losers, 2 in hearts, 1 in diamonds and 2 in clubs which is also a total of 7 losers. A normal opening bid has 7 losers, which is the LTC for the West hand, and which East should generally

Online Library The Modern Losing Trick Count Bidding

expect as a minimum. East should presume a total between the two hands of no more than 14.

Losing Trick Count

The LAW of Total Tricks () is a bidding guideline developed by Jean-Rene Vernes.

Online Library The Modern Losing Trick Count Bidding

It helps you to decide how high to compete, using this approximation: With 8 partnership trumps, bid to the 2-level. With 9 trumps--3 level.

LOSING TRICK COUNT - BridgeWebs

With only two cards, the queen becomes a loser (but count AQ as no losers and KQ as one loser). With only one card, just the A is not a loser. So Qx is two losers the same as xx but Kx is one loser as is the

Online Library The Modern Losing Trick Count Bidding

king or queen alone. Remember these are not real losers, just LTC losers as a form of hand evaluation.
