"Packer's strength as a storyteller lies in his ability to marshal a diverse range of voices from across the class divide, in a nation deeply divided by social status."–NPR Books "Packer's is an American voice of exceptional clarity and humanity in a tradition of reportage that renders the quotidian extraordinary.

The Unwinding: An Inner History of the New America: Packer ...

The book dives right into scripting Packer (with Puppet) but doesn't have all that much to say about what Packer is intended for. For example, I was kind of hoping I could use Packer to pre-configure Vagrant boxes, but there was no indication of how to do that. Or even if it is something that Packer does.

The Unwinding: An Inner History of the New America is a 2013 non-fiction book by the American journalist George Packer.

The Unwinding: An Inner History of the New America

Introductory book designed for SysAdmins, Operations staff, Developers and DevOps who are interested in building images using the open source tool Packer.

The definitive, lavishly illustrated history of the Green Bay Packers, commemorating the team's 100-year anniversary Not only are the Packers the only fan-owned team in any of North America's major pro sports leagues, but Green Bay -- population 104,057 -- is also the smallest city with a big-time franchise. The Packers are, in other words, unlikely candidates to be pro football's preeminent team. And yet nobody in the NFL has won more championships. The story of Tittletown, USA, is the greatest story in sports. Through extensive archival research and unmatched insider access to players and team officials, past and present, Mark Beech tells the first complete rags-to-riches history of the Green Bay Packers, a full chronicle of the most illustrious team in NFL history. The People's Team paints compelling pictures of a franchise, a town, and a fan base. No other team in pro sports is so bound to the place that gave birth to it. Here is the story of the Packers and of Green Bay -- from the days of the French fur traders who settled on the shores of La Baie in the seventeenth century, to the team's pursuit of its fourteenth NFL championship. Featuring essays by Peter King, Chuck Mercein, Austin Murphy, and David S. Neft, The People's Team is a must-have for fans, old and new, and the definitive illustrated history of the most important team in the NFL.

A hands-on, introductory book about managing infrastructure with Terraform. Start small and then build on what you learn to scale up to complex infrastructure. Written for both developers and sysadmins. Focuses on how to build infrastructure and applications with Terraform. The book contains: Chapter 1: An Introduction to Terraform Chapter 2: Installing Terraform Chapter 3: Building our first application Chapter 4: Provisioning and Terraform Chapter 5: Collaborating with Terraform Chapter 6: Building a multi-environment architecture Chapter 7: Infrastructure testing Updated for Terraform 0.12!

Finalist for the Pulitzer Prize for Biography *Winner of the Los Angeles Times Prize for Biography* *Winner of the 2019 Hitchens Prize* "Portrays Holbrooke in all of his endearing and exasperating self-willed glory...Both a sweeping diplomatic history and a Shakespearean tragicomedy... If you could read one book to comprehend American's foreign policy and its quixotic forays into quicksands over the past 50 years, this would be it."--Walter Isaacson, The New York Times Book Review "By the end of the second page, maybe the third, you will be hooked...There never was a diplomat-activist quite like [Holbrooke], and there seldom has been a book quite like this -- sweeping and sentimental, beguiling and brutal, catty and critical, much like the man himself."--David M. Shribman, The Boston Globe Richard Holbrooke was brilliant, utterly self-absorbed, and possessed of almost inhuman energy and appetites. Admired and detested, he was the force behind the Dayton Accords that ended the Balkan wars, America's greatest diplomatic achievement in the post-Cold War era. His power lay in an utter belief in himself and his idea of a muscular, generous foreign policy. From his days as a young adviser in Vietnam to his last efforts to end the war in Afghanistan, Holbrooke embodied the postwar American impulse to take the lead on the global stage. But his sharp elbows and tireless self-promotion ensured that he never rose to the highest levels in government that he so desperately coveted. His story is thus the story of America during its era of supremacy: its strength, drive, and sense of possibility, as well as its penchant for overreach and heedless self-confidence. In Our Man, drawn from Holbrooke's diaries and papers, we are given a nonfiction narrative that is both intimate and epic in its revelatory portrait of this extraordinary and deeply flawed man and the elite spheres of society and government he inhabited.

DIVThePackers are world champions once again, and Green Bay Packers: The Complete Illustrated History is the ultimate, authoritative look at this storied and beloved sports franchise. In addition to offering a comprehensive history of the team and in-depth profiles of its greatest stars, the book features more than 200 rare and iconic photographs as well as chalkboard diagrams of key plays from team history. It tells of the legends who have defined the Packer legacy for more than 80 years, from Bart Starr to Brett Favre to Aaron Rodgers, Ray Nitschke to Reggie White to Clay Matthews, Curly Lambeau to Vince Lombardi to Mike McCarthy./div This fully updated third edition highlights the team's triumphant journey to Super Bowl XLV and includes profiles of the latest Packer stars. Chock full of stats and stories, Green Bay Packers is a book that no Packer fan will want to be without.

A New York Times Book Review Editors' Choice "[George Packer's] account of America's decline into destructive tribalism is always illuminating and often dazzling." --William Galston, The Washington Post Acclaimed National Book Award-winning author George Packer diagnoses America's descent into a failed state, and envisions a path toward overcoming our injustices, paralyzes, and divides In the year 2020, Americans suffered one rude blow after another to their health, livelihoods, and collective self-esteem. A ruthless pandemic, an inept and malign government response, polarizing protests, and an election marred by conspiracy theories left many citizens in despair about their country and its democratic experiment. With pitiless precision, the year exposed the nation's underlying conditions--discredited elites, weakened institutions, blatant inequalities--and how difficult they are to remedy. In Last Best Hope, George Packer traces the shocks back to their sources. He explores the four narratives that now dominate American life: Free America, which imagines a nation of separate individuals and serves the interests of corporations and the wealthy; Smart America, the world view of Silicon Valley and the professional elite; Real America, the white Christian nationalism of the heartland; and Just America, which sees citizens as members of identity groups that inflict or suffer oppression. In lively and biting prose, Packer shows that none of these narratives can sustain a democracy. To point a more hopeful way forward, he looks for a common American identity and finds it in the passion for equality--the "hidden code"--that Americans of diverse persuasions have held for centuries. Today, we are challenged again to fight for equality and renew what Alexis de Tocqueville called "the art" of self-government. In its strong voice and trenchant analysis, Last Best Hope is an essential contribution to the literature of national renewal.

The Packers are world champions once again, and Green Bay Packers: The Complete Illustrated History is the ultimate, authoritative look at this storied and beloved sports franchise. Chock full of stats and stories, Green Bay Packers is a book that no Packer fan will want to be without.

The biography of James Packer. James Packer turns to Greek mythology in an attempt to explain the most exciting yet tumultuous period of his 50 years on earth. "I was like Icarus," the billionaire tells his biographer, journalist Damon Kitney, of the heady days of 2016 when he broke up with pop star Mariah Carey, abandoned living in Hollywood and Israel, left the global casino stage, and divided the family fortune in a bitter separation from his sister. "I flew too close to the sun." With these words, Packer delves for the first time into the story behind his stunning public revelation in mid-March 2018 of his battle with mental health issues, which forced him to resign from the board of the Crown casino company he owns and loves. Never before has a member of the Packer family co-operated with a writer to tell their story. In his biography, The Price of Fortune, one of the nation's richest and most psychoanalysed men opens up in an attempt to make sense of his rollercoaster life and to tell the human story of being James Douglas Packer. Of how his wealth, charm and intellect took him to such exciting places. Yet how sometimes his trusting the wrong people and his rash actions cost him his friends, his health and, most importantly, his reputation on the global stage - and how he is now working on getting it back.

Introducing a brand-new middle-grade graphic novel series with attitude that's just right for fans of Babymouse and Real Friends, and for anyone who loves--or hates!--unicorns! Pacey's little sister, Mina, has always said her stuffed unicorn, Slasher, is real--but seriously? He's a stuffed toy! Then again, he does seem to be leading Mina outside her room and to . . . some kind of weird magical unicorn land? Pacey may not believe in unicorns, but she's not about to let her little sister be kidnapped, so she does the only thing she can: follows them to unicorn land (that she totally does NOT believe in). And for the record, it's NOTHING like the stories. First off, what's up with Slasher's attitude? It's not Pacey's fault he's trapped in a ridiculous stuffed body. And that Alpha Unicorn guy? NOT. Nice. Pacey will just be grabbing Mina and taking her home, thankyouverymuch . . . that is, if she can work with the grumpiest unicorn stuffy ever to outsmart the Evil Alpha Unicorn and find the way out--preferably without stepping on any poisonous killer flowers. (WHAT IS WITH THIS PLACE ANYWAY?!)

Kerry Packer is Australia's richest and most powerful man, with a media empire worth \$3000 million. He is also a very private person. His friends generally refuse to speak about him, while his employees and rivals don't dare. But what is he really like and where did he come from?In this the first book ever written about the man and his family, Paul Barry charts the Packer dynasty's unstoppable rise to power.The Packers have always made enemies and almost always had their way with the world. Buccaneers in business, Kerry's grandfather, R.C. Packer, and father, Frank, had a reputation for hot temper and bullying, but they also inspired great loyalty. Big figures on the political scene, they used their papers unashamedly to make and break governments.Yet Kerry is infinitely more powerful than they ever were. Politicians come to him to ask him what he wants.As a child, Kerry was considered an idiot by his schoolmates and family. Called 'boohhead' by his father, he was never encouraged to smile on himself or the world. Now, having massively increased the family fortune, he is said to be lonely, unhappy and easily bored.Two years of intensive research and hundreds of interviews make THE RISE AND RISE OF KERRY PACKER a compelling biography of Australia's least understood tycoon. But above all, it is a disturbing portrait of power in Australia and how it can be used.
