The “Houdini was a spy” aspect of the new biography, The Secret Life of Houdini: The Making of America's First Superhero by William Kalush and Larry Sloman – which has been so hyped in the media and debated by magic historians – is a distraction from what should be seen, first and foremost, as a major new Houdini biography loaded with fascinating new facts about the great magician's life and career.

Read Book The Secret Life Of Houdini The Making Of Americas First Superhero

Using exclusive access to newly uncovered archives, Kalush and Sloman reveal the clandestine agreements in which the British and Americans recruited Houdini to be an active secret agent. In exchange for his cooperation, the governments of these two countries facilitated his rise to the top of the world stage. The authors give thrilling accounts of his assignments, such as his participation in early aerial surveillance and his use of his own magic magazine to communicate espionage-related information. After the war, Houdini embarked upon what became his most dangerous mission when he took on the Spiritualist movement. Convinced that Spiritualist mediums were frauds, he became obsessed with exposing them. But the Spiritualists were a powerful adversary. An organized network of fanatics, led by Sherlock Holmes creator Arthur Conan Doyle, worked relentlessly to orchestrate a campaign that would silence Houdini forever. Grounded in solid research, but as exciting and dramatic as a good thriller, *THE SECRET LIFE OF HOUDINI* traces the magician's long and circuitous route from struggling vaudevillian to worldwide legend.

In this groundbreaking book, renowned magic expert Kalush and bestselling writer Sloman team up to expose Harry Houdini's secret life as a spy, and the stunning plot to murder the magician and destroy his legacy. Photos throughout.

Joe Posnanski enters the colorful world of Harry Houdini and his legions of devoted fans to explore the illusionist's impact on global culture—and why his legacy endures to this day. Nearly a century after Harry Houdini died on Halloween in 1926, he feels as modern and alive as ever. The name Houdini still leaps to mind whenever we witness a daring escape. The baby who frees herself from her crib? Houdini. The dog who vanishes and reappears in the neighbor's garden? Houdini. Every generation produces new disciples of the magician, from household names in magic like David Copperfield and David Blaine to countless other followers whose lives have been transformed by the power of Houdini. In rural Pennsylvania, a thirteen-year-old girl finds the courage to leave a violent home after learning that Houdini ran away to join the circus; she eventually becomes the first female magician to appear on television. In Australia, an eight-year-old boy with a learning impediment feels worthless until he sees an old poster of Houdini advertising “Nothing on earth can hold Houdini prisoner,” and begins his path to becoming that nation's most popular magician. In California, an actor and Vietnam War veteran finds purpose in his life by uncovering the secrets of his hero. But the unique phenomenon of Houdini was always more than his death-defying stunts or his ability to escape handcuffs and straitjackets. It is also about the power of imagination and self-invention. His incredible transformation from Ehrich Weiss, humble Hungarian immigrant and rabbi's son, into the self-named Harry Houdini has won him a slice of immortality. No one has withstood the test of time quite like Houdini. Fueled by Posnanski's personal obsession with the magician—and magic itself—*The Life and Afterlife of Harry Houdini* is a poignant odyssey of discovery, blending biography, memoir, and first-person reporting to trace Houdini's metamorphosis into an iconic figure who has inspired millions.

Written by the master magician himself, this fascinating work reveals the secrets behind how Houdini escaped numerous death-defying stunts and exposed a variety of fake spiritualists. He also gives instructions for 44 eye-catching stage tricks, as well as other fascinating material. 155 illustrations.

Originally published 1930's. A well illustrated compendium of the famous Harry Houdini's magic tricks and illusions. All explained in detail. Many of the earliest magic books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.

Read Book The Secret Life Of Houdini The Making Of Americas First Superhero

San Francisco, 1915. As America teeters on the brink of world war, Charmian and her husband, famed novelist Jack London, wrestle with genius and desire, politics and marital competitiveness. Charmian longs to be viewed as an equal partner who put her own career on hold to support her husband, but Jack doesn't see it that way...until Charmian is pulled from the audience during a magic show by escape artist Harry Houdini, a man enmeshed in his own complicated marriage. Suddenly, charmed by the attention Houdini pays her and entranced by his sexual magnetism, Charmian's eyes open to a world of possibilities that could be her escape. As Charmian grapples with her urge to explore the forbidden, Jack's increasingly reckless behavior threatens her dedication. Now torn between two of history's most mysterious and charismatic figures, she must find the courage to forge her own path, even as she fears the loss of everything she holds dear.

An intriguing, intimate study of the world's most famous magician and escape artist examines Houdini's obsession with death, his death-defying illusions, his relationship with his wife, his secretive personal life, and his death. Reprint. 15,000 first printing

From Harry Houdini's impoverished childhood to his feat of becoming one of the most successful entertainers of all time, this biography presents a portrait of this magician and escape artist. It provides guidelines for 21 fun magic tricks, including how to stick a needle into a balloon without popping it and how to step through a note card.

Harry Houdini's expose of the fraudulent spiritualist, spirit photography, spirit slate writing, ectoplasm, clairvoyance, and other quakery and cons perpetrated on desperate believers. Specific spiritualists covered in the book include Dr. Slade, the Davenport Brothers, Anne O'Delia Diss Debar, the Fox Sisters, Daniel Dunglas Home, Eusapia Palladino, and other con artists of their ilk. The whole nation was excited by Houdini's campaign against fakers. He traveled across the country, offering money for spirit activities he would be unable to duplicate by his use of skilled illusions. It was a heyday not only for Houdini, but for the spiritualists themselves -- and there was an equally famous protagonist who thought the spirits could indeed be contacted, Sir Arthur Conan Doyle. A photo at the start of the book records a meeting between Houdini and Doyle, who is given his own chapter in the book. There's also a full section on Daniel Dunglas Home, the English engineer of spectacular paranormal effects. Houdini saves his sharpest arguments for spiritualists who were giving their (usually paying) clients a vision of the hereafter, and shares the methods used to practice "fake" and sensational spiritualism. Houdini was nothing if not unrelenting. As a taste of things to come, he ends his introduction with the words: "Up to the present time everything that I have investigated has been the result of deluded brains," though Houdini attests to his own open mind on the topic of the afterlife and recounts his personal attempts to communicate with the dead.
