Thunder at Twilight is a landmark historical vision, drawing on hitherto untapped sources to illuminate two crucial years in the life of the extraordinary city of Vienna-and in the life of the twentieth century. It was during the carnival of 1913 that a young Stalin arrived in Vienna on a mission that would launch him into the upper echelon of Russian revolutionaries, and it was here that he first collided with Trotsky. It was in Vienna that the failed artist Adolf Hitler kept daubing watercolors and spouting tirades at fellow drifters in a flophouse. Here Archduke Franz Ferdinand had a troubled audience with Emperor Franz Joseph-and soon the bullet that killed the Archduke would set off the Great War that would kill ten million more. With luminous prose that has twice made him a finalist for the National Book Award, Frederic Morton evokes the opulent, elegant, incomparable sunset metropolis-Vienna on the brink of cataclysm.

Boxed set consists of: main book, sound examples and appendix 2. CD available from the Library counter.

Options Trading Handbook There are thousands of books on Options but you wouldn't find the knowledge that this book provides. The writers provide you descriptive knowledge of options, option Greeks etc. None of the books would provide you the practical concepts on Options that may enable even a semi-literate person to use Option Trading to get rich. This book, that covers the latest information right from the ABCs of Options to Option Greeks in a very simple language, is a rare work of Mahesh Kaushik, the most read research analyst of the Indian stock market. Kaushik likes to explain complex subjects in simple terms. Keeping the same in mind, this book has also been written in the format of a story to ensure you don't get bored at any point while reading it. The character in the story Ghisu Bhai is a common waiter and the book, witten in an autobiographical style, describes how Kaushik went about teaching him Option Trading.
